

THE CHARTER SCHOOL 2021-22

Dear Parent,

Weekend Project

In Theme 1, we have learnt about food pyramid. As part of their learning, students need to make a model of the food pyramid and submit a picture/video of the same by 18/7/2021.

The model should show the different tiers in a food pyramid. You can get as creative as you like. Attaching few pictures for reference.

Thank you
Regards,
Homeroom Teachers
