

The Charter School

Annual Report 2025–26

“The whole purpose of education is to turn mirrors into windows.” – Sydney J. Harris

At The Charter School, we believe that education is a journey of inspiring young minds to become confident, compassionate, and responsible global citizens. The academic year 2025–26 has been one of remarkable achievements, meaningful learning experiences, and holistic development. Guided by our vision of nurturing excellence through innovation and values, we proudly present the highlights of another successful year.

Academic Excellence

Academic excellence continued to remain at the heart of our educational journey. Our Grade 10 and Grade 12 students delivered exceptional performances in the CBSE Board Examinations, bringing laurels to the school through outstanding results. We also celebrated our Academic Excellence Award recipients for their consistent dedication, perseverance, and exemplary achievements.

Celebrating a Decade of Excellence

A major milestone during the year was the celebration of the school’s Decennial Year through the vibrant **Charter Decennial Dhamaka**, commemorating ten years of educational excellence, visionary leadership, and community partnership. The celebration honoured the collective efforts of students, parents, staff, alumni, and well-wishers who have contributed to the growth of The Charter School.

Strengthening Teaching and Learning

The academic year commenced with comprehensive teacher capacity-building programmes conducted by CBSE resource persons, ensuring continuous professional growth and effective classroom practices. Parent Orientation programmes further strengthened the home-school partnership by focusing on student well-being, emotional development, and collaborative parenting.

Experiential and Joyful Learning

Learning at The Charter School continued to be child-centred, interactive, and experiential. Students actively participated in classroom projects, integrated learning experiences, creative activities, discussions, and hands-on explorations that fostered critical thinking, communication, creativity, and confidence. Classroom libraries, project-based learning, and experiential activities made learning meaningful and enjoyable.

Leadership, Culture and Values

The Investiture Ceremony formally installed the Student Council, empowering students to lead with responsibility and integrity. Throughout the year, students enthusiastically celebrated important national and international days including World Environment Day, National Reading Day, International Yoga Day, Independence Day, Teachers' Day, Onam, Children's Day, Christmas, and several awareness observances that promoted environmental consciousness, cultural appreciation, social responsibility, and global citizenship.

Clubs and Student Development

The school offered a wide range of co-curricular opportunities through its vibrant clubs including Eco Club, Cyber Club, GK & Heritage Club, Arts, Music, Dance, Chess, Financial Literacy, IGNITE Wellness Programme, Model United Nations (MUN), Young Indians Parliament, and CSSRC initiatives. Students actively engaged in leadership, innovation, community service, environmental conservation, diplomacy, entrepreneurship, and social outreach programmes, developing essential life skills beyond academics.

One of the proudest achievements of the year was the remarkable performance of our MUN Club, with students participating in prestigious national and international conferences and even visiting the World Health Organization Headquarters in Geneva, broadening their global perspectives.

Community Service and Social Responsibility

Community engagement remained an integral part of the Charter experience. Students organised book donation drives, established libraries in underserved communities, visited special schools and old age homes, and participated in environmental campaigns. These initiatives nurtured empathy, compassion, inclusion, and responsible citizenship among our learners.

Student Well-being

Student wellness continued to receive special attention through the IGNITE Programme, which focused on emotional intelligence, healthy relationships, mental well-being, digital wellness, and substance abuse awareness. The school also received the **Health & Wellbeing Award** under the "One School, One SDG: Act for Impact" initiative, recognising its commitment to holistic education.

Cultural, Literary and Sporting Excellence

The inaugural **Charter Utsav**, Intra-school Chess Competition, Swimming Gala, Learning Expo, Art Expo, and numerous inter-school competitions showcased the diverse talents of our students. Students excelled in quizzes, Olympiads, performing arts, debates, yoga, chess, football, athletics, badminton, basketball, swimming, and various literary and cultural events, winning several accolades at district, state, and national levels.

The successful organisation of the **Charter Cup**, featuring participation from 23 schools, further strengthened the school's reputation in sports. Sports Day concluded on a high note with spirited participation and outstanding team performances, reinforcing the values of teamwork, perseverance, and sportsmanship.

Career Guidance and Enrichment

Preparing students for future success remained a key priority. Career fairs, Human Library sessions, internships, entrepreneurship programmes, nutrition awareness sessions, eye health workshops, postal awareness programmes, sign language training, and interactions with industry experts provided valuable real-world exposure and career guidance.

Professional Development

Our teachers continued their pursuit of excellence through various professional development programmes, workshops, certification courses, and in-house training sessions focusing on pedagogy, STEM education, holistic assessment, CPR, classroom innovation, and student well-being.

Celebrating Achievements

The year witnessed numerous achievements by both students and staff across academics, sports, research, innovation, counselling, arts, and professional excellence. Their accomplishments reflect the culture of continuous learning, commitment, and excellence that defines The Charter School.

Looking Ahead

As we conclude another enriching academic year, we express our heartfelt gratitude to our Chairman, Executive Director, Management, Leadership Team, dedicated teaching and non-teaching staff, supportive parents, and enthusiastic students for their unwavering commitment and partnership.

With renewed determination, The Charter School remains committed to empowering every learner with knowledge, character, creativity, and compassion while continuing our journey towards educational excellence and holistic development.
